HOPS PRODUCTS

HARVEST-WET HOPS

Wet hops are generally available in early August. Call for availability and pricing.

DRY HOPS

The availability and variety of dry hops changes from season to season. We currently have Cascade dry hops available, but please call for availability and pricing.

RHIZOMES

Hop rhizomes (root cuttings) are available for home or micro brewers interested in growing their own hops. Please call for availability and pricing.

HOP CONSULTING

For those interested in learning more about commercial or hobby hop farming, the Star B Ranch staff offers consulting services grounded in hands-on experience. Please call us for more information about the services we include and our pricing.
